Thanks for the "65" Paper!"

My dear Mr. [unclear]
I have just received your letter of the 10th inst. and am
glad to hear that you are well. I am
very much interested in the
progress of the [unclear] and
hope to hear from you again soon.
Yours truly,
[unclear]

A black and white photograph of a large, classical-style building, identified as Union High School. The building features a prominent arched entrance flanked by two tall, fluted columns. Above the arch, a horizontal band contains the text "UNION HIGH SCHOOL" in capital letters, flanked by decorative emblems. Above this band, a large circular medallion is mounted on the wall. To the right of the main entrance, there is a section with a series of arched windows and a decorative frieze featuring several small, identical medallions. The building is surrounded by dark, dense foliage, including trees and bushes. The sky is a uniform, light gray.

BOARD OF TRUSTEES

Dr. Blaine Huntsman
Superintendent

This year the Mountain View High School student body is back together again as a complete unit in its newly renovated facilities.

It is my sincere hope these facilities will be a means toward achieving the best education possible for each one of you.

ADMINISTRATION

The 1962-1963 school year at Mountain View High School is a very gratifying one. Our buildings and grounds have been refinished and re-furnished. Our school is again united on one campus. Our school spirit and general morale are high. And we have a student union, "The Eagle's Nest," which will serve a most useful and worthwhile purpose at this school.

We are appreciative of the fine facilities that have been provided at our high school.

Lesley Peacocke

Sunday August 19, 1962, I started out on my great adventure, a year in the United States under the American Field Service school program. I wondered at the time if I would ever get here. California seemed so far away from Sydney Australia — but here I am, thanks to your wonderful support of the A.F.S. program. I am very proud and happy to be a member of your student body. Through your efforts in raising money and helping me to learn about your way of life you have succeeded in making this the most wonderful year of my life and the most interesting.

It is hard to believe that it is all over; the pizzas after football games, the plays, variety shows, rushing to and from speeches and classes, and everything else that went to make up a year that I will always remember. My hope is that I do know all of you, even if it was only to say "hi."

Thank you everybody; my family, friends, teachers, and student body. One last request; if any of you ever come "down under" please come and visit me.

Lesley Peacocke

EXCHANGE STUDENTS

All of you will have to go to Norway someday soon, then you will know why I have much to be grateful for.

A million memories will always remind me that it was each of you who made my 14,000 mile Norwegian adventure possible; from that early A.M. in June when my jet took off, to the last afternoon on board ship when there were so many tears I could hardly see the Statue of Liberty.

Eventually the times — like when I scaled my first and last mountain, and milked my first cow will be shelved away, though not forgotten. But what will always stand out in my memories will be all of the people. I can't even begin to count all the dear people I met, nor could I forget them.

"Tusen takk" is said in Norway; here it is "thank you." To Mountain View High, to American Field Service, and to Mr. Stephen Galatti, I say both thank you and "tusen takk" very much.

Mimi Kiyomura

Mimi Kiyomura

Anne Engberg

GIRLS' STATE

To attend California Girls' State is to experience a truly memorable and exciting week — 521 girls' met for the first time on a Monday. And only one short week later we had organized complete city, county, and state governments.

In that week many activities took place — we campaigned for candidates, held political rallies and elections, and actually organized a working government. I learned much about the intricacies of our democratic system of government and began to understand why politics is such a fascinating aspect of our democracy.

But the American Legion Auxiliary, in sponsoring Girls' State, has a purpose in mind other than simply teaching us about the workings of a democratic government. It is, in the words of the Girls' State promise, "to endeavor to promote and perpetuate true brotherhood and democracy." I only wish more people could experience such an unforgettable week — perhaps then the world's problems could be solved.

Anne Engberg

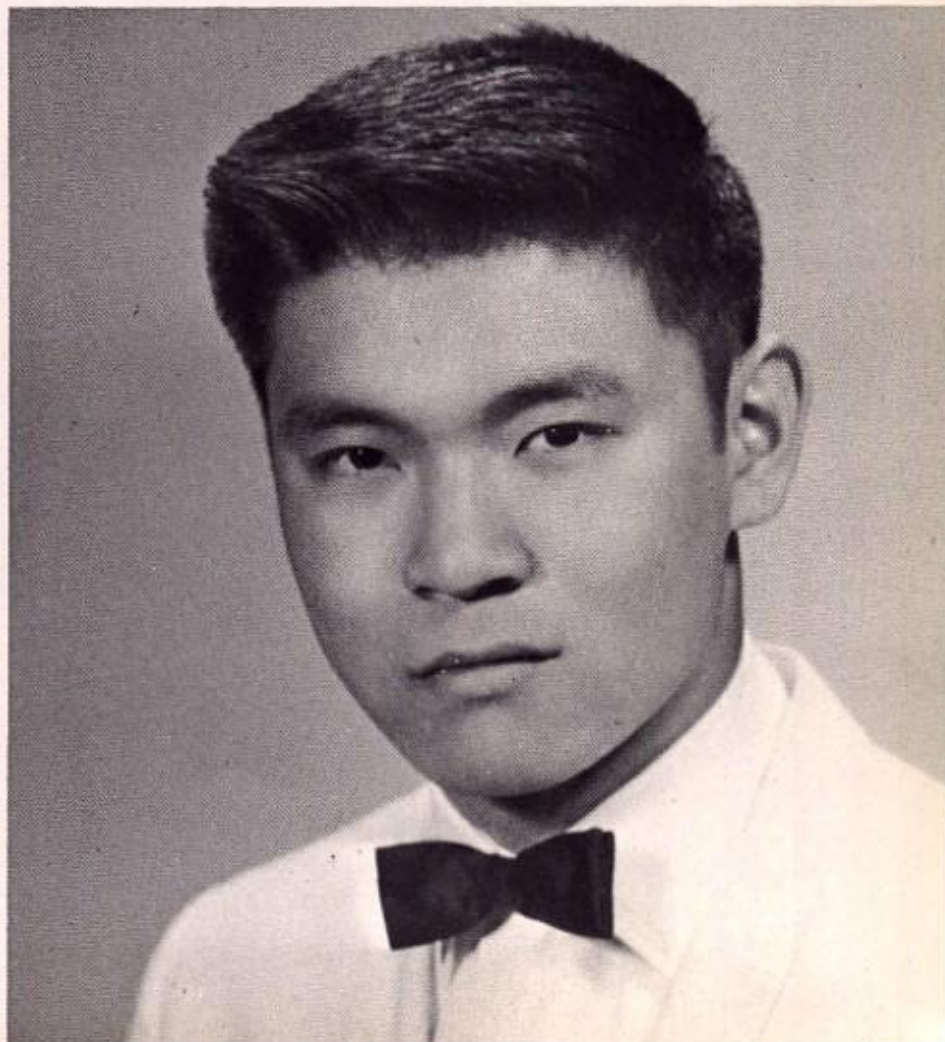

PRESIDENT OF C.A.S.C.

Clyde Izumi

The Student Council has become an important part of every high school curriculum. It enables students to not only realize the value of our democratic form of government, but to actually participate in a functioning example of it. It is through this student government that the students of today are molded into the free thinking citizens of tomorrow.

The California Association of Student Councils is an organization which was created to unite the student councils of this state. During the past year I was fortunate enough to serve as President of District No. 7. It was particularly rewarding because it gave me an opportunity to work with the student body presidents of the 25 schools in my district in an effort to make the Student Council a more effective voice of the students.

ALMA MATER

In a valley trimmed with mountains,
Covered by a sky of blue,
Stands our Alma Mater High School
With her colors brave and true.
May her standards never waver
As we onward go each day.
We'll fight for dear old Mountain View
And her colors Blue and Gray.

Through the four short years of high school,
Each day we'll do our best
To lift our Alma Mater
A notch above the rest.
This is the goal we strive for,
Our cheers will reach the sky.
And far above the other schools
The Blue and Gray will fly.

GOOD-BYE CLASS OF '63

Handwritten text in a cursive script, likely Urdu or Persian, written in red ink. The text is arranged in several lines, slanted upwards from left to right. It appears to be a signature or a short note, possibly mentioning a date or a place. The ink is faded and the paper shows signs of age and wear.

John, This don't
Have fun but trouble
summer but knowing
get in any trouble
It's been a nice time
you and I. Hope will see
and meet good. Good back
(63) Arlene Maunecci
